- Original travel dates: June 1 - December 31, 2020
- Tickets/itinerary must be **changed or canceled** on/before **December 31, 2020**
 - **Canceling** the ticket/itinerary **allows customers to retain the value** for future use.
 - See: Future itinerary changes below for details.

This change fee waiver applies to:

- All fare types, including Basic Economy, bulk, fixed, etc.
- All destinations
- All points-of-sale

All eligible tickets should be documented with **waiver code 7JC51** in the **OSI** field for both **ARC and BSP** reporting agencies in this format OSI UA 7JC51.

Future itinerary changes

Customers can change to a flight of **equal or lesser value** with **no change fee**. If the new fare is of lesser value, a residual value **can** be issued if permitted by fare rule. If the new ticket is a higher fare, the customer only pays the fare difference.

Customers who **cancel their ticket/itinerary by December 31, 2020** can retain the value of their ticket and then exchange it later with no penalty, add-collect applies.

- If a ticket is not changed or canceled by **December 31, 2020**, the penalty will apply.
- Basic Economy tickets cannot be changed or canceled after **December 31, 2020**.

Wholly unused tickets: Ticket must be reissued and travel must begin by 24 months from original ticket-issue date.

Please remember, if a **customer does not intend to travel**, it's important to **cancel their itinerary before travel** to retain the ticket value for future use.
