

Dear Tour Operator & Partner,

In order to support last minute sales for leisure purposes, we have introduced a more flexible rule for Packaged ( 'IT' ) fares out of Europe.

For non-cancelled flights with departures after 15SEP20, SAS offers postponed rebooking possibilities up and until 16 day before departure.

SAS is excepting Packaged ( 'IT' ) fares between European countries from the 16 day before departure rule. This means that fare basis including %PAK% can use the postponed rebooking offer also after this time and without any further time limitation.

Details of offer:

- Valid for fare basis incl %PAK%
- Valid for trips between European countries
- Not valid for wholly domestic trips or trips to/from US and Asia

Please see procedure for postponed rebooking for non-cancelled flights on the following link for more details on how to use the offer, keeping in mind that 16 days rule has been uplifted for PAK fares.
