

Pakistan RT-PCR test requirements

You and your clients can always rely on Qatar Airways

Dear Valued Partner,

Following the advisory and implementation of the amended standard operating procedures of the Pakistan Civil Aviation Authority in their most recent update, we would like to advise you that NHS PCR and RT-PCR tests with a negative result are accepted by Qatar Airways for travel to Pakistan. However, all accepted tests must be issued within 96 hours to departure in line with Pakistan Civil Aviation Authority guidelines.

If passengers need to change their travel plans, they can choose from the following flexible options:

HOLD ON TO
THEIR TICKET
FOR 2 YEARS

UNLIMITED
DATE CHANGES

UNLIMITED
DESTINATION
CHANGES

This extended flexibility for tickets issued between 1 October and 31 December 2020 provides the confidence your clients need to plan their next trip.

*Subject to change. Changes and amendments are likely to occur to RT-PCR requirements in Pakistan so will be updated accordingly.
