#### **Stay Current on Travel Restrictions and Entry Requirements**

Many of the countries we fly to and from have put [strict entry requirements](#) in place. The safety and wellbeing of our customers and people is always our top priority, and we continue to follow the advice of the UK Government and international health

organisations.

While we are constantly reviewing the information available to us, which is [available here](#), please make sure you and your customers stay up to date by visiting the relevant government's website for the very latest travel updates and advice.
