## VSbulletin - Ticketing Time Limits on ITX Fares

Last year we offered additional flexibility by extending our Ticketing Time Limits (TTL) on our ITX fares. We are pleased to advise that we have further extended this flexibility.

Effective from today, our TTL of 14 days prior to departure is applicable for all existing and new bookings **for travel up to 31 May 2021** with tickets being issued on 932 ticket stock. This was previously to 31 Mar 2021.

**We are aware of an ongoing technical limitation which results in an SSR being generated advising 30 day before departure TTL. This is an error. This revised 14 day policy stands, please follow the fare rules.**
