

Dear All,

Please note that to give more options for COVID-19 test, all labs approved by NIH and having machine readable QR/BAR CODE feature on their certificate will be acceptable for travel on PIA to all destinations from Pakistan, except KSA (Kingdom Of Saudi Arabia).

Following points to be noted for compliance;

1) The NIH approved labs having "**QR Code**" facility embedded on the printed certificate for verification at Check-In Counter.

2) **Passengers must carry printed 02 copies of COVID-19 test** certificate (SMS, whatsapp / digital certificates are not acceptable).

3) Passengers ensure that lab certificate must have details e.g. Destination, Test Type, Report Validity and same bears the stamp or signature.

Agent must ensure that passenger should have valid travel documents else will be denied boarding without compensation.

Kindly circulate among your staff as well as sub agents to inform all passengers, they **MUST** bring 02 copies of PCR / COVID-19 report for all International flights as one copy should be used and retain as record purpose by departure station where as other copy for arrival health authorities.

B/Rgds
