United Kingdom Travel Ban

Effective: 22nd December 2020

Applicable Until: 30th April 2021

Air Malta's flights to and from the United Kingdom will remain operational.

Travelling to the UK

Customers travelling to the UK are required to:

1. Fill in the electronic Passenger Locator Form available at <https://www.gov.uk/uk-border-control> before entering the UK. It is a criminal offence to fail to provide a Passenger Locator Form on arrival to the UK, unless exempt. The lack of a Passenger Locator Form constitutes reasonable grounds to deny boarding;
2. Prior departure, present a negative COVID test (PCR/antigen/LAMP) and evidence of pre-banking of tests for days 2 and 8 of quarantine;
3. Self-isolate for 10 days upon entry in the UK.

They may be released from quarantine, if a test taken in line with the Test-To-Release Scheme after 5 days is negative.

Travelling to Malta

Maltese nationals and persons holding a valid residence permit in Malta are allowed to travel. Non-Maltese nationals and non-residence permit holders who are travelling for essential reasons are kindly requested to obtain an authorisation from the Superintendent for Public Health by sending an email to covid19.vetting@gov.mt. They are required to present a [Coronavirus \(COVID-19\): declaration form for international travel](#) confirming the reason to travel abroad from England. They also need to complete the [Public Health Travel Declaration](#) and the [Passenger Locator Form](#). All persons will be requested to present a negative PCR test taken no longer than 72 hours prior to arrival in Malta. They will also be subjected to testing on arrival and 14 days of mandatory quarantine, with a repeat PCR test required on day 5-7 of quarantine.
