

Subject: CA - Health Declaration Certificates for China Entry

Dear Travel Partner

This is just a reminder that non-Chinese nationals who are to fly to China from the United Kingdom need to apply for Health Declaration Certificate online from the Chinese Embassy website. Instructions can be on the below link;

[Notice on Online Application for Health Declaration Certificate for Non-Chinese Nationals \(chinese-embassy.org.uk\)](http://www.chinese-embassy.org.uk/eng/visa/jiankangmaEn/t1874769.htm)

Another useful link detailing other medical requirements including PCR and Antibody test requirements can be found here;

<http://www.chinese-embassy.org.uk/eng/visa/jiankangmaEn/t1874769.htm>

Please note that these tests currently must be done at the point before a non stop flight into China. So where passengers are transiting en route to China the facilities must be present at the point of transit with sufficient time to allow for these. As a result, Air China only has flight options available from the UK via CPH and CDG.

Passengers should be made aware that there are restrictions and that they should refer to the embassy for the most up to date information.

The above will apply to all passengers, not just those of Air China.

Best regards,

Air China
