Singapore Airlines: Update on Pre-Departure Testing

Dear Trade Partner,

Effective 27 June 2021, 1559 hours (GMT), all travellers including those aged 3 to 5 years old (i.e. born in or before 2018) entering or transiting/transferring through Singapore, are required to take a Covid-PCR test 72 hours prior to departure. All travellers must present a valid negative Covid-PCR test result.
