

## VSbulletin COVID-19 Ongoing Travel Disruption - 5 Aug

It continues to be a dynamic time for international travel with ongoing travel restrictions to and from many of the countries we operate to.

Virgin Atlantic is delighted to announce new flying to the Bahamas from London Heathrow this winter. We will launch twice-weekly services from London Heathrow commencing on 20 November and flights will go on sale from 11 August 2021. In addition, from 31 October, we'll be increasing our services to the much-loved island of Barbados. Flights from Manchester to Barbados will increase from three times a week to five times and from Heathrow, daily flights will increase to 11 times a week. You'll see these services in your GDS from 11 August 2021.

The UK Government has confirmed updates to the Red, Amber, Green (RAG) country lists based on its risk-based traffic light system for arrivals to England. This includes that from 0400 on

Sunday 8 August India will move from the Red list to the Amber list. You can see the announcement here

As a result of the fast-moving travel environment, we continue to make schedule changes which will affect our Flying Programme for the coming weeks.

- We are reducing frequencies on several routes, however to ensure impacted passengers can continue with their travel plans, they will be reprotected to the most suitable alternative departure.
- Where a flight is cancelled, and due to limited operations to these destinations, there will be no re-protection option available, these sectors will appear as UN.

Bookings affected by these changes will be updated in your GDS on Saturday 7 August 2021. Our most up to date flexibility policy can be found [here](#)
