UK eases travel restrictions for travellers from Qatar

Dear Valued Partner,

In line with the latest UK governmental guidelines effective **8 August 2021**, Bahrain, India, Qatar and UAE will be moved to the United Kingdom's Amber list, leading to an ease of travel restrictions into England.

Before travelling to the UK:

- Clients must take a COVID-19 test at least three days prior to travel to the UK.
- Book and pay in advance for COVID-19 tests to be taken in the UK.
- [Complete a passenger locator form](#).

Arrival into the UK:

- Clients must self-quarantine at a private address for 10 days and undergo two COVID-19 tests, one on or before Day 2 and the second on or after Day 8.

- If your clients have been fully vaccinated in the USA, the UK or Europe, they will not be required to self-quarantine and will only be required to take one COVID-19 test on Day 2.

- If they have been in a country from the UK's Red List within the 10 days prior to their travel to the UK, they will only be allowed to enter the UK if they are a British or Irish National, or if they have residence rights in the UK. Such clients will be required to undergo mandatory hotel quarantine for 10 days.

Further information can be found on the official [website](#) for the Government of the United Kingdom, or through our Travel Requirements [website](#). Please note that passengers from Red List countries may not use Manchester as arrival point.
