

Travel to London just got simpler

Dear Trade Partner,

From 11 October entry requirements to London will be simpler.

Fully vaccinated customers can now book a quarantine-free trip to London and enjoy the sights of London with the reassurance that they can change their booking if they need to.

Customers will qualify as fully vaccinated if they are vaccinated either:

- under the UK vaccination programme or an overseas vaccination programme with an approved proof of vaccination for travel to the UK
- with a full course of the Oxford/AstraZeneca, Pfizer BioNTech, Moderna or Janssen vaccines from a relevant public health body in India.

They must have had a complete course of an approved vaccine at least 14 days before arrival in England.

For full details of the changes from 11 October and the most up-to-date information please visit the [UK Government](#) website.

For arrival in England before 4am on 11 October, customers must continue to [follow the current rules](#).

* Please ensure all bookings made are permitted under the UK-India air bubble agreement in order to avoid inconvenience to passengers at the airport and/or financial penalties *
