

## Ticket Validity & Modification Time Frame

Effective 1st of Jan 2022, MEA ticket validity and modification time frame is considered One Year From Date of Issuance (DOI).

Any re-issue or refund transaction should be done within one year from DOI; after that time the ticket will be considered **EXPIRED**, non-changeable, and non-refundable.

- The above applies also on tickets issued in year 2021.
- It is extremely important to inform your respective passengers in advance about their ticket validity and modification/refund time frame.
